

Held on the second Thursday of the month, Topics at Twelve explores cutting-edge information, tools and resources to support everyday work and life.

# Cyber Security Risk Management

with **Farr Shepherd** of Decypher Technologies, and **Gary Schemmerling** of Travelers Insurance. They will discuss new cyber risks and how to mitigate potential security threats, such as ransomware and other attacks. They will also cover ways to increase your security posture and best practices to help keep your business and its data safe in this age of tech warfare.

**THURSDAY**  
**NOVEMBER 10, 2016**  
**11:30 AM to 1:00 PM**  
**BASALT REGIONAL LIBRARY**

*Thanks to our sponsors:*
